

**Neighbourhood Plan Report to Parish Council Meeting
To be held at 7pm on 6th October 2022**

SNDC

We have been notified by the Planning Department that the Cabinet Meeting of the South Norfolk District Council scheduled for 26th September has been postponed due to numbers of Councillor apologies submitted. Consequently depending on the rescheduled date of the Cabinet meeting the proposed referendum date may have to be moved from Thursday 1st December.

If the Examiner's amendments are approved by the SNDC the Steering Group will prepare for the final phase. This will involve Rachel Leggett updating the NP documents in accordance with the Examiner's amendments. The Steering Group with Rachel will prepare an 'every household leaflet' and advertising material to notify residents of the forthcoming Referendum. SNDC staff will take responsibility for the Referendum – posting notice, running the polling station on the day and conducting the Count.

Alyson Read - Steering Group
