A).

County Councillor Martin Wilby gave the following report:

Councillor Wilby looked around the kitchen refit that he provided a grant towards and thought it looked excellent. He commented that the South Norfolk bin men had not missed any collections and were working well. Councillor Wilby also reported that the accommodation review between South Norfolk District Council and Broadland District Council was ongoing and also that the budget would be discussed at cabinet soon.

The Long Stratton bypass has been given the funding of £26.2 million from Central Government with the rest of the £37.1 million total cost being made up from local funds. It was also hoped that the development would start in early 2022 and that he felt it should be quite straightforward project due to the flatness of the land.

Councillor Wilby also offered £500 of his members ward grant to Tivetshall Village hall for their new projector and sound system and will work with Councillor Alleguen-Porter on this.

Councillor Wilby commented on the proposed changes in Harleston town centre to improve the town centre and also make it a better experience for all visitor's to Harleston

Finally, it was noted that Ben Burgess had withdrawn their application in Swainsthorpe for their huge agricultural business hub.

b) County Councillor Barry Duffin submitted a written report noting: Norfolk County Councils' full Council has approved the launch of a new £1 m Road Safety Community Scheme (RSCF) which aims to deliver 100 new safety schemes in local communities over the next four years. These community-

focussed schemes are of small scale (up to £10,000) and will provide an avenue for your local member (me) to apply for funding to deliver highway improvements such as speed limit changes and other signing and lining additions or alterations.

Please note this is in addition to my local member fund which has been increased to £10,000 per year, and the successful Parish Partnership scheme.

This scheme however will be delivered over four years and South Norfolk will fall into Year Three.

The work of communities across the county, which pulled together so well in the challenging times of the pandemic, is being recognised with a lasting memorial.

Lady Dannatt, Her Majesty's Lord Lieutenant for Norfolk, has commissioned a plaque for every parish and town council in the county using the design skills of Ruby Douglass and the wording from a team at Norwich's National Centre for Writing.

Deputy Lieutenants closest to each parish or town will distribute the plaques over the coming months. The cost of the project has been covered by generous sponsorship from Adnams, the Red Socks Charitable Trust, the Geoffrey Watling charity, the Pennycress Trust, the Kip and Alison Bertram trust and the Sybil Cholmondeley Trust.

If you haven't made an application, please do at Wellbeing@NorfolkALC.gov.uk

I hope to be able to report to you in the next couple of months, a community fund to boost green projects.

11 Village Gateways

A letter of complaint has been received from a parishioner on the installation of the gateways on the verge outside her property on Rectory Road. The Clerk is in contact with NCC Highways on this subject and is hoping to get an answer soon. An email had been received from Highways but further instruction is needed from the Parish Council and NCC Highways to get the gates relocated to the correct place. An inspector will be sent to look at the issues and we await the report.

The Chair confirmed that the village gateways were purchased using funds from the Community Infrastructure Levy. This is a levy on all planning applications and its use is restricted to items related to increased properties in a parish or town. It therefore did not come out of the parish precept part of council tax.
